Dynamic Full Stack Developer with 3+ years of experience building high-performance, scalable, and responsive web solutions. Specialized in modern JavaScript frameworks, MERN stack development, and custom e-commerce solutions. Passionate about crafting products at the intersection of clean engineering and thoughtful design.

WORK EXPERIENCE

Full Stack Developer

Apr 2025 - Present

Lifeidesign.games

- Built the entire platform solo — MERN stack, deployed on AWS EC2 with S3 for CDN and n8n for workflow automation
- Owned everything from DB schema to UI, shipping features end-to-end in a fast-paced product environment

Freelance Developer

2024 - Present

Self-employed

- Pitched, closed, and delivered 15+ projects — handling scoping, client comms, and full-stack execution
- Built custom Shopify storefronts, MERN apps, and animated landing pages independently

Web Developer

2024

Scaleon Media

- Delivered e-commerce and marketing sites across Shopify, WordPress, Webflow, and MERN for multiple clients
- Managed timelines and client expectations across concurrent projects

Web Developer Intern

Jun 2024 - Jul 2024

Orbiting Infotech

- Worked on live projects contributing to frontend and backend across the MERN stack
- Collaborated with senior devs, participated in standups, and shipped production-ready features
